MITCHELL COLLEGE

HISTORICAL SKETCH

In 1852, Concord Presbytery began formulating plans for the establishment of a college for women. Three years later the beautiful Georgian building now standing in the central part of Statesville was begun. When nearing completion it was partially destroyed by a storm. The work of restoration, however, was immediately undertaken and the building was completed in 1857. During the time of the restoration of the building, school was opened in temporary quarters September 15, 1856, under the name of Concord Female Seminary, Professor John D. Tinsley and his two daughters forming the first faculty. After the retirement of Professor Tinsley, the College came under the successive administrations of Professor E. W. Faucette, Rev. C. S. Millen, Rev. J. M. M. Caldwell, Rev. E. F. Rockwell, Rev. R. B. Anderson, and Rev. Taylor Martin.

In 1873, because of financial conditions, the College was sold to Mr. R. F. Simonton, of Statesville, and for the next twenty-three years was called Simonton Female College. From 1875 to 1883 Mrs. E. M. Grant was the president. She was assisted by her sister, Miss Margaret Mitchell. Upon the death of Mrs. Grant, Mrs. Fannie Everett Walton served as president for eleven years. After her retirement the property would have been lost to the Presbyterian Church but for the noble and timely aid of Rev. J. B. Shearer, D.D. He purchased the property in 1896, repaired the building, and secured Captain J. B. Burwell to conduct the institution, which took the name at this time of Statesville Female College.

In 1900, Dr. Shearer deeded the property to Concord Presbytery, and for several years it was under the joint control of Concord and Mecklenburg Presbyteries. In 1907, through the generosity of Mr. W. F. Hall and other friends, a large addition was made to the original building and, in honor of Dr. J. B. Shearer, was named Shearer Music Hall. Dr. John A. Scott's successful administration dates from 1900 to 1916. He was succeeded by Mr. J. M. Moore, who served seven years. His

successor was Rev. W. F. Hollingsworth. He was followed in 1924 by Rev. G. H. Ellmore, and during his term of five years the College became a Standard Junior College. Mrs. W. B. Ramsay, former president of the Woman's Synodical Auxiliary of North Carolina, was elected president in April, 1929, and under her management the College has had five years of progress.

In the sixty-first year of the life of the College, urged by the alumnae and approved by the Trustees, Concord Presbytery changed the name of the institution to MITCHELL COLLEGE. The name was given as a mark of honor to Mrs. Eliza Mitchell Grant and Miss Margaret Elliott Mitchell, daughters of Dr. Elisha Mitchell, scientist, educator, and Christian gentleman. These daughters of Dr. Mitchell, as women of superior culture and educators of marked ability, continue to be an inspiration for noble attainment to the institution and to all its students.

LOCATION

The College is located in Statesville, North Carolina, a city of about twelve thousand population. It is in the heart of the industrial center of North Carolina and is easily accessible from all parts of the State by both train and bus service. Statesville is in the beautiful and healthful Piedmont section at the foothills of the Blue Ridge mountains. The altitude is 960 feet above sea-level.

CAMPUS

The campus of Mitchell College is situated in the center of the city, at the head of Broad Street, Statesville's principal avenue. Its elevation gives a commanding view and the grounds are ample for tennis and basketball courts and other athletic games. The natural drainage of the grounds is perfect.

BUILDINGS

The College building is a handsome structure, as shown in the frontispiece. It is of brick, stuccoed, 138 feet in length, with a central depth of about 80 feet, and three stories high,

ornamented with a lofty portico, supported by six massive columns. The first floor contains the dining-room, kitchen, laboratories, classrooms, and auditorium; the second floor, the library, parlors, offices, studios, and infirmary. On the third floor are the student dormitories. The building is steam heated and lighted by electricity. The rooms are comfortably furnished. The buildings are adequately equipped with fire-escapes. The gymnasium is located on the north campus. The president's home is situated just off the campus and is the property of the College.

LIBRARY

The College Library consists of three well-equipped rooms, contains more than 4,000 volumes and a number of pamphlets. The books are classified and catalogued according to the Dewey decimal method, and are made accessible to readers by means of a modern charging system. The reference shelves are well furnished with encyclopedias, dictionaries, and other books of reference adapted to the needs of the students in all classes. The reading-room is supplied with a large number of the leading magazines and periodicals, as well as with daily and weekly newspapers.

The Library and Reading Room are under the supervision of a trained librarian and her assistants.

STUDENT GOVERNMENT

A system of student government has been established for the purpose of maintaining order and promoting honor and good conduct. Every student who registers thereby becomes a member of the student government organization known as the Student Association, and is pledged to sustain its principles and rulings as long as she is connected with the institution.

The general legislative powers of the organization are vested in the organization as a whole. The executive powers are vested in the Student Councils. There is a Resident Student Council and a Day Student Council.

A faculty Advisory Committee acts in coöperation with the Student Council.

With the president of the College rests the right to discipline, suspend, or expel any student whose example is bad and whose influence is hurtful.

RELIGIOUS LIFE

The College is definitely Christian in its influence, discipline, and instruction. The systematic study of the Bible is pursued and six semester hours of credit is required of every student taking any college course. Chapel exercises, led by the president, are held five times a week, and attendance is compulsory. All students are required to attend Sunday school and church. Students have a religious service every Wednesday evening and group prayer services are held every Thursday evening.

The Student Christian Association meets every Sunday evening. Under the auspices of the Association, home and foreign mission study classes are conducted, and a week of evangelistic services held during the year. Field representatives from the various church causes visit the institution and present their work during the year.

The students attend the First Presbyterian Church, in a body, at least once every Sabbath, preferably at the morning hour of worship. However, by written requests of parents and guardians to the President of the College, arrangements will be made for students who are members of other denominations to attend their own churches.

Though owned and controlled by the Presbyterian Church, the College is non-sectarian.

ADMISSION OF STUDENTS

MITCHELL COLLEGE is a Standard Junior College. The entrance requirements are the same as in any standard four-year college or university. Graduates from accredited high schools will be admitted on certificate without examinations. Each prospective student is furnished an application blank by the College which must be filled out and signed by the principal of the last school attended, and mailed to the Registrar as early as possible. Unless such certificate is presented, admission will be by examination.

The subjects in which credit for admission to the College may be offered and the maximum amount of credit acceptable in each subject are given in the following table:

English.....	4 units
History.....	4 units
Mathematics.....	3 units

PREScribed UNITS

Of the requisite fifteen units, the following are prescribed:

English.....	4 units
Mathematics.....	2 $\frac{1}{2}$ units
*Foreign Language.....	2 units
History.....	2 units
Science.....	1 unit
Electives.....	5 units

NOTE: In case any student presenting fifteen credits fails to offer the prescribed units, the deficiencies to the extent of two units may be made good by carrying the prescribed courses without college credits.

* Note that foreign language to the amount of not fewer than two units in the same language are required for admission. The language so presented must be continued as the required foreign language, or the elementary course, CI A French, must be taken without college credit.

ADMISSION TO MITCHELL ACADEMY

The Academy is on the accredited list of the North Carolina Association of Colleges and also on the accredited list of the State Department of Public Instruction. This gives its graduates ready entrance to colleges without examination.

The department presents the last two years of standard four-year high school work. Any student who has completed the ninth grade of an accredited high school and can give satisfactory evidence of honorable dismissal will be eligible for the tenth grade of the Academy. Pupils seeking admission to the Academy must present certificates showing work previously done, signed by the principal of the last school attended. Continuance in the grade assigned will be dependent upon the student's ability to do the work.

REQUIREMENTS FOR GRADUATION

The minimum requirements for graduation from Mitchell College are the satisfactory completion of sixty semester hours, so divided that not less than twenty-six nor more than thirty-six semester hours shall be carried in one year.

Students who complete any one of the full college courses, with at least six hours of Bible, will be awarded the Junior College diploma.

In order to receive an Academy diploma, the student must complete sixteen units of High School work as specified by the State Department of Education.

Certificate showing work done will be awarded to irregular and special students upon the completion of approved courses.

A fee of \$5.00 is charged for a diploma and \$3.00 for a certificate. No diploma, certificate, school honors, or records of credit will be given until all bills are paid.

COURSES OF STUDY

Three distinct courses leading to graduation are offered at Mitchell College. These are (1) the Standard College Course, (2) the Normal College Course, (3) the General College Course. A diploma is given upon the completion of each of the courses.

I. THE STANDARD COLLEGE COURSE.

This course is planned for those who are interested primarily in entering the junior class of another college upon the completion of this course.

NOTE: In addition to the 60 semester hours required for graduation in Courses I, II, and III, every student must pass two years work in Physical Education.

CURRICULUM REGULATIONS

Every student is expected to enroll in one of the three college courses leading to a diploma, or in one of the regular academy classes leading to a high school diploma. Arrangements may be made for a limited number of irregular and special students, who will come under the same rules as the other students. Irregular or special students taking as many as twelve hours work in the Literary subjects will be allowed class standing.

A student will not be allowed to change her course or to drop any subject except by permission of the Committee on Classification.

No student will be permitted as much as eighteen hours of work each week who does not show ability to carry the work.

No class will be offered to fewer than five students.

ATTENDANCE

Students are requested to report promptly for registration on the opening date of the session.

Regular attendance upon all college duties is required of all students.

No class cuts are allowed. Absences due to illness or to justifiable contingencies will be excused.

All excuses for absences of resident students are granted by the Dean. Excuses for absences of day students must be presented in writing from the parents to the Dean.

Three tardinesses will be counted as one absence. Three unexcused absences a semester will automatically drop a student from the class in which the absences are recorded.

Absences from class immediately before or after any given holiday will mean a lowering of the grade by double the usual amount.

GRADES

A report of the student's work and conduct is sent to the parents or guardian each quarter. The quarter grade is a composite of recitation, test, and parallel work. The semester

grade is a composite of the quarter grades and the final examination.

The grading system is as follows: A represents *Excellent*; B, *Good*; C, *Fair*; D, *Passing*; E, *Condition*; F, *Failure*.

Condition examinations must be taken before the next quarterly tests are given. Only one reëxamination is allowed.

HONORS

College honors are awarded to the members of the graduating class who have maintained through their junior and senior years the high average of 90% in scholarship and who have demonstrated marked ability in leadership.

Class honors are awarded to those who attain an average grade of 90% in each study or to those who make a general average of 90% during any one year and who demonstrate marked ability in leadership.

Names of students who receive honors are announced at Commencement each year, and are recorded in the annual catalogue.

DESCRIPTION OF COURSES OF STUDY

The Roman numeral accompanying each subject indicates the number of the course in that subject. College courses are indicated by the letter C, and the Academy courses by the letter A. Where texts are not named, changes are under advisement.

BIBLE

As is proper in a Christian college, the teaching of the Bible is given a prominent place in the curriculum, and one year in the study of the Bible is required of every graduate of the institution.

The Bible itself is used as the text and is taught as the Word of God, the only infallible rule of faith and life; and its truths are inculcated with the purpose of developing the moral character and enriching the spiritual life of the students themselves.

C Ia. Old Testament.

A general survey of the history of the Hebrew race, as recorded in the Old Testament. Emphasis is placed upon this history as preparatory to the mission of Christ. Attention is paid to literary evaluation of the Old Testament writings.

Three periods a week, first semester. Credit, three semester hours.

C Ib. New Testament.

The Life of Christ as recorded in the Synoptic Gospels, with reading in the Gospel according to St. John and in standard lives of Christ. Special attention is given to the social teaching of Christ.

TEXT: A Harmony of the Gospels, by Stevens and Burton.

A IV.

First Semester—Old Testament Character Study.

A chronological study of the outstanding Old Testament characters. The poetical and prophetic books are correlated with the character studies.

Second Semester—Life of Jesus.

A study of the life of Jesus with the Gospel according to Luke as a basis.

Definite memory work is required.

Four periods a week. Credit, one unit.

EDUCATION

The courses in this department conform to the requirements of the North Carolina State Department of Education and will receive full credit on the B and A certificates. The State is no longer offering a C certificate for any two years of college work; but these courses are accepted as certification credit in the three- and four-year normal courses. Six semester hours of credit in the Standard College Course will be allowed on the courses listed in this department.

C IIa. Classroom Management.

The purpose of this course is to give the student a fundamental knowledge of what is involved in the conduct of a school. Among the topics treated are: The aims of education; personal qualifications of a good teacher; discipline; program making; daily schedule; school hygiene; supervised study; school ethics.

TEXT: Classroom Organization and Control—Sears.

Three hours a week, first semester. Credit, three semester hours.

Three hours a week, first semester. Credit, three semester hours.

C IIc. Primary Methods.

This course deals with recent scientific investigation in the fields of primary reading, language, and number work; and the methods of teaching these subjects in the first, second, and third grades.

This course requires a study of modern reading texts, much paral-

lel reading, discussions and reports, and includes systematic observation of actual teaching in these grades.

Three hours a week, second semester. Credit, three semester hours.

C IId. Grammar Grade Methods.

The purpose of this course is to select the content that is to be taught in Reading, Language, History, Geography, and Arithmetic in the intermediate grades; and to develop on the part of the students a workable understanding of methods of teaching these subjects.

This course includes a systematic observation of teaching these subjects.

Three hours a week, second semester. Credit, three semester hours.

ENGLISH

The aim of this department is to develop in the student the power of writing and of speaking good English, and to inculcate a taste for good literature. Much attention is given to the fundamental principles of grammar, composition, and criticism. A thorough two-year course is offered in the College.

C I. Composition and Rhetoric.

Composition, the written expression of the student's experience, is the chief study of the year. Training is given through exercise in sentence structure and revision, and through weekly written themes. Intensive reading is assigned among selected books.

TEXTS: Writing and Thinking—Foerster and Steadman. Constructive Theme Writing—Chase.

Three hours for the year. Credit, six semester hours.

NOTE: A non-credit course of one hour a week is required of all C I students who fail to meet the qualitative requirements of this course.

C IIa. English Literature.

A survey course in English Literature. Prominent figures in the successive periods of English Literature are studied with a view to understanding the life and thought of the periods in which the various masterpieces were written. An attempt is made to get through a study of the intrinsic worth of the selections the fundamental ideals of human life and the beauty of their expression.

TEXTS: Heath Readings in the Literature of England—Cross and Goode.

A Syllabus of English Literature—Greenlaw.

Three hours for the year. Credit, six semester hours.

C IIb. Children's Literature.

The purpose of this course is to give the student a knowledge of the fundamental principles underlying the selection of children's literature and acquaintance with a considerable body of the literature used in the primary and grammar grades.

Two hours, second semester. Credit, in Normal College Course, two semester hours.

A III. Composition and Rhetoric.

Themes, Oral and Written. Studies in Literature.
Credit, one unit.

A IV. Composition and Literature.

PHYSICAL EDUCATION

Physical Education aims to maintain and improve the health of the students, to establish good habits of posture, and to develop a spirit of team-work and fair play. Out-of-door mass games, hiking, and tennis are emphasized in the spring and fall. Basketball is majored in the winter months and a limited number of match games are played with other institutions. A new gymnasium provides ample facilities for the courses in Physical Education. Credits in Physical Education are not counted in the 60 semester hours required for graduation.

First Year—Gymnastics and Group Games.

Two hours a week for the year. Credit, two semester hours.

Second Year—Advanced Gymnastics and Group Games.

Two hours a week for the year. Credit, two semester hours.

SCIENCE

All Science work is done in a laboratory adequately equipped for the courses offered.

C Ia. Health.

A study of the structure and functions of the human body is associated with a consideration of the problems of personal hygiene, and with practical exercises in the care and development of the body.

TEXTS: Fisher and Fiske—How to Live. Martin and Fitz—The Human Body.

Two hours a week for the year. Credit, four semester hours in the Normal College course.

C Ib. General Biology.

This course is designed to give students a general knowledge of the fundamental principles of Biology. It includes:

(1) A study of the structure, functions, development, and relationships of typical animals and plants.

(2) A discussion of the biological problems, covering such topics as cell structure, differentiation, metabolism, and growth, ontogenesis, genetics, and organic response.

Two hours of lectures and recitations and three hours of laboratory work weekly. Credits, six semester hours.

C IIa. General Inorganic Chemistry.

This is an advanced course of college grade, but is so arranged that it may be taken by students who have had no previous work in Chemistry. It includes a study of the preparation, properties, etc., of the metals and non-metals, with special emphasis on the various chemical relations and reactions.

Two hours of lectures and recitations and three hours of laboratory work weekly. Credit, six semester hours.

C IIb. Principles of Geography.

A general course in Geography which emphasizes the relations of earth, air, and water to life, and especially to human affairs. The course aims to give the student (1) an understanding of the elements of geography, (2) an interest in the subject, and especially (3) training in clear thinking, in the belief that the chief object in geography is preparation for citizenship.

TEXT: To be selected.

Two hours a week, second semester. Credit, two semester hours.

A III. General Science.

This course is a study of the science of everyday life. The aim is to afford culture, to train the pupils to do with intelligent understanding and economy such tasks as most likely to be theirs in life, to explore both the field of science and the pupil herself, and to prepare pupils for the higher study of such science as they may afterward elect.

Two recitations and two laboratory hours each week. Credit, one unit.

A IV. Biology.

This introductory course in Biology for beginners as presented emphasizes the fact that Biology is a unit science, based on the fundamental idea of development, rather than a forced combination of portions of botany, zoology, and hygiene.

TEXT: Biology for Beginners, by Truman J. Moon.

Two recitations, two laboratory hours per week for the year. Credit, one unit.

SPANISH

C I. First Year College Spanish.

Prerequisite, two years of Spanish. Review of grammatical principles, composition, conversation, dictation, exchange letters with Spanish students, current topics from *El Eco*. Membership in *El*

MUSIC DEPARTMENT

The lower floor of Shearer Music Hall contains studios, practice rooms, and an auditorium, equipped with a pipe organ and a grand piano.

The courses offered in the Department of Music, taken as electives in the General College Course, lead to a diploma.

This department offers a two-year course leading to a Junior College diploma in Music, with a choice of majoring in piano, pipe organ, or voice. The details of this course are given on page 29. Entrance requirements and class standing are the same as in the other courses leading to a diploma.

Special students are those taking lessons in piano, pipe organ, and voice who may or may not meet the entrance requirements for the diploma course.

NOTE: Lessons missed by students, unless excused by the teacher, will not be made up. Lessons missed by the teacher will be made up within the quarter.

APPLIED MUSIC

Piano

The course in Piano includes the development of technique and interpretation. The Matthey system of relaxation and touch is used.

Representative compositions are chosen and attention is given to the students' individual needs.

Two lessons a week throughout the year. Credit, four semester hours.

Organ

Two years of Piano study must precede the course in Organ. Legato playing is stressed. Technique and style are developed through compositions of Bach, Mendelssohn, Guilmant, Rheinberger, and other masters.

Two lessons a week throughout the year. Credit, four semester hours.

Voice

The intention of the Voice Department is the thorough development of the physiological and psychological elements of the human voice based on scientific knowledge and artistic standards of beauty and correctness.

The following outline indicates the standard of work required:

First Year.

Principles of breath support, study of tone focus, attack of tone, staccato and legato, accent, distinct enunciation, even legato scales and arpeggii. Vocal exercises of Seiber, Voccai, Girudet, and Lamperti.

Second Year.

Extension and development of range of voice, uniformity of production, fluency of scales and arpeggii and embellishments. Vocal exercises by Bordogni, Marchesi, Panofka. Extension of repertoire, including songs in English, German, French, and Italian.

Two lessons a week throughout the year. Credit, four semester hours.

THEORETICAL SUBJECTS

Harmony

The first year includes the fundamental chords in root position and inversions, the simple period forms, and modulation.

The second year includes seventh chords, chromatic alterations, and analysis of chords in standard compositions.

Two lessons a week throughout the year. Credit, four semester hours.

Appreciation and History of Music

Development of music from the early stages through the classical and romantic periods. Biographies of the great composers.

One lesson a week throughout the year. Credit, two semester hours.

GENERAL INFORMATION

HEALTH

The health of the students is considered of primary importance. Each student is required to take prescribed forms of physical exercise under the supervision of a director of Physical Education. Healthful open-air sports are encouraged and daily outdoor exercise is required. Lectures on sanitary science and personal hygiene form a part of the required course of study. The table is supplied with an abundance of wholesome food. The cooking is under the supervision of an experienced dietitian.

When a student is so indisposed as to be unable to go to the dining-room for meals she is sent to the infirmary. Being in the infirmary does not necessarily mean serious illness. Parents will be notified promptly of any serious illness of their daughters.

The medical fee covers the simple medicines dispensed from the infirmary. All other medicines given upon prescription are to be paid for by the student. When a physician other than the College physician is called in the fee is to be paid by the patron. The services of a trained nurse also are to be paid for by the patron.

All inquiries regarding the health of the students should be addressed to the Dean of Students.

Parents are requested to have their daughters' eyes examined, glasses fitted, and dental work done, as far as possible, before they leave home.

VISITING AND VISITORS

Students will not be permitted to receive visitors during class or study hours.

Visitors are not allowed on Sunday, except members of the immediate family, after quiet hours.

Visitors are not permitted to the private apartments of students except by permission of the Dean of Students.

Written permission from the parents or guardian of the student must be filed with the Dean of Students to receive young men callers, and to spend the day or week-end away from the College. Such permission will then be granted only at the discretion of the Dean.

Students will not be permitted to go to places of amusement or to ride except when chaperoned by a teacher.

Students will not be permitted to spend the night in town except with parents. No visiting is permitted on Sunday.

Students are chaperoned to and from the station. The Dean must be notified of the arrival of students, that arrangements may be made for meeting them.

No one may invite a guest to be entertained in the College without first obtaining permission from the Dean of Students. A nominal charge is made for guests.

FURNISHINGS

The College supplies each room with bedstead, bureau, wardrobe, washstand, chairs, mattress, and pillows. Each student should bring with her sheets, blankets, counterpanes, pillow-cases, towels, table napkins, teaspoon, and drinking glass, and any articles as rugs, curtains, and ornaments desired for her room.

DRESS

It is earnestly desired that simplicity in dress shall prevail, and that students bring with them in both underwear and dresses only what is needed for neatness. In every possible way extravagance is discouraged.

All articles of clothing, and all suitcases and trunks as well, must be plainly and durably marked with the name of the owner. Failure to comply with this requirement causes great inconvenience and sometimes loss.

Students must bring umbrellas, overshoes, tennis shoes, rain-coat, and black bloomers for Physical Education. These should be plainly marked.

ROOM RESERVATION

An application blank for room reservation may be secured from the Registrar. When filled in and returned to the College, accompanied by a deposit of \$10.00, a room will be assigned. If the application is withdrawn before August 1st, the reservation fee will be refunded. Under no circumstances will this fee be returned after August 1st.

In assigning rooms preference is given to former students in order of their application. No room will be held after school opens without full payment of board and tuition from the opening day. New students will be assigned rooms according to priority of advance registration for entrance.

ATHLETIC ASSOCIATION

The purpose of the Athletic Association is to offer to all students an opportunity for participation in athletics. The association is under the supervision of the Physical Director.

Tennis, basketball, volley ball, croquet, and other games in the open air are encouraged.

SOCIAL LIFE

The College, in addition to its regular work, seeks in various ways to promote the general culture and social life of its students. A number of teas and receptions are given during the year. The various clubs and classes have social meetings once a month. An annual reception is given by the Juniors to the Seniors. The Student Christian Association entertains the new students early in the first semester. Social privileges consistent with student life are enjoyed throughout the year.

PUBLICATIONS

In addition to the annual catalogue, the College issues a yearly handbook and sends out a quarterly bulletin.

ALUMNÆ AND FORMER STUDENTS' ASSOCIATION

The object of the association is to foster and promote interest in the College, to aid by loans and donations worthy students to obtain an education at MITCHELL.

The organization meets annually during Commencement.

IMPORTANT REGULATIONS

Parents are requested not to give general permission conflicting with the regulations of the College, as these cannot be granted.

No leave of absence will be granted except upon a special request addressed to the Dean of Students by the parent or guardian. In no case will this request be honored if it is contained in an envelope addressed to any other person than the Dean of Students.

A resident student is not allowed to make bills in the city unless the patron writes a personal letter to the President giving such permission.

The College will not be responsible for money, jewelry, clothing, or other articles left carelessly about in the rooms or anywhere in the building.

The borrowing of textbooks, clothing, jewelry, and other articles is forbidden.

Dancing, card playing, and smoking are prohibited.

Damage to College buildings or property will be charged to the one doing the damage.

MEDALS

Wood Bible Medal.—The family of the late Rev. W. A. Wood, D.D., offer a gold medal to the student who makes the highest grade for the year in Bible in the College Department.

Stikeleather Bible Medal.—Mr. Horace H. Stikeleather, honoring his mother, Minnie Kinder Stikeleather, offers a gold medal to the student in the Academy Department who makes the highest average in Bible.

SCHOLARSHIPS

The following scholarships are offered to deserving girls of limited means.

The Wagner Scholarship is endowed by Mr. L. C. Wagner, of Statesville, in honor of his mother, Mrs. Susan Wagner.

The Goodman Scholarship is endowed by Mrs. John T. Goodman, of Mount Ulla, N. C., in memory of her husband, John T. Goodman, and their daughter, Alice Noel Goodman.

Shearer Scholarship.—The Trustees of the College have established a perpetual scholarship in honor of Dr. J. B. Shearer, in recognition of his great service to the cause of Christian education, and to Mitchell College in particular.

Hill Scholarship.—The Trustees have also established a scholarship in honor of Professor J. H. Hill, in recognition of his services to Mitchell College and to the cause of education in Statesville and Iredell County.

The Irvin Scholarship is endowed through the generosity of the late Mrs. J. C. Irvin.

Catherine Hanes Scholarship is endowed by Miss Katherine J. Hanes of Winston-Salem in memory of her aunt, who was a student of the College during the Civil War.

The College should have at least twenty-five scholarships that would pay the tuition of worthy and needy girls. We trust that many individuals, auxiliaries, Bible classes and churches will provide tuition scholarships of \$80.00 each. We believe that this opportunity should appeal to all friends of Christian education.

LOAN FUND

Masonic Student Loan Fund.—This fund was established in 1925 by the Grand Lodge of North Carolina.

James Hall Loan Fund.—This fund has been provided through the generosity of the Alumnæ Association.

Business and Professional Women's Club Loan Fund.—This fund was established in 1925 by the Business and Professional Women's Club of Statesville.

Carrie Watts Loan Fund.—This fund has been established by the Woman's Auxiliary of the First Presbyterian Church of Statesville.

Jane M. Sharpe Loan Fund.—This fund was established in 1930 by Miss Ora Sharpe, honoring her mother.

Student Loan Fund of the Presbyterian Church.—Mitchell College has access to the Student Loan Fund of the Executive Committee of Christian Education of the Presbyterian Church.

Full particulars regarding these funds may be obtained from the President.

STUDENT AID

A limited number of work scholarships is available for worthy and needy students. The scholarships are given for work done in the laundry, dining-room, library, and offices. All who wish help should make early application directly to the President.
